

Foundation to Success: The Birth of Janco E-commerce Solutions Ltd

Janco now proudly announces that Janco E-commerce Solutions Ltd is established under Janco Holdings Ltd (Stock Code: 8035). Janco E-commerce Solutions Ltd will be responsible for providing customized e-commerce solutions to online retailers and online retail platform owners.

Janco Holdings Ltd is a one-stop logistics service providers in the market, with own truck fleet, warehouses and experts mastering in different fields. These internal supports form a strong foundation to Janco E-commerce Solutions. “No company can provide e-commerce solutions single-handedly.” said by General Manager of Janco E-commerce Solutions Ltd, Mr. Warren Lee, “By garnering capabilities of Janco, e-commerce solutions can be delivered to cope with all kinds of needs from customers.”

The results of such bond are options for customers to choose from. An online retailer or retail platform owner may wish that Janco helps deliver products from own warehouses or distribution centers, or one may also choose to store the products at Janco’s warehouses to further facilitate the supply chain. If speedy delivery is emphasized, Janco Express, one of the key members of Janco, can even help deliver products door-to-door to the customers locally or overseas. The overseas coverage of the Service extends to a huge range of major destinations in the globe. Delivering items to the farthest place on the Earth within days is not an unrealistic dream, but an applicable reality. Only through cooperation from all internal parties inside Janco, such flexibility and elasticity can be resulted.

Janco E-commerce Solutions is established in 2017 to provide customized and personalized logistics solutions for clients with different needs. If you are interested in creating a new chapter for your online retail business, please do not hesitate to contact us for cooperation opportunity: ecommerce@jancoexpress.com
