

35plus.com Get Accredited with Gold Award in E-Shop Competition

24/09/2019

Janco group is dedicated in developing E-Commerce business in recent years. Apart from E-Commerce Solutions Team, an E-Shop Team is also in place to operate our self-operated E-Shop 35plus.com and provide consultation services to our customer who would like to set up their own E-Shop. Yesterday, our 35+ E-Shop has been awarded with the Gold award in the Shopline X HKRMA Quality E-Shop Competition 2019 and obtained the Quality E-Shop Recognition at the same time. Getting accredited by such reputable association in the first year of our operations is definitely a recognition of the effort and achievement of our E-Shop Team.

Hong Kong Retail Management Association (HKRMA) was founded in 1983 with members coverage of over 8,000 stores. As the leading association in the industry, HKRMA is actively participating in different occasions and reflect the concerns and opinion from the viewpoint of the retail industry. By launching the Quality E-Shop Recognition Scheme, HKRMA aims to assess participants based on 3 Perspectives (Contract Fulfillment, Operator's Trust & Development, Customer Experience) and 4 qualities (Operation, Information, Service, System) to screen out and accredit E-Shops with T.R.U.S.T qualities (Trustworthiness, Recognized Hardware, User-friendly, Safe, Timeliness).

E-Shop Team hopes this award could strengthen the confidence of our customer to our 35+ E-Shop and our E-Shop consultation services. The team will exercise continuous innovation and improvement and continue to provide a high quality customer experience to our clients.
