

New highlights of Air Charter business

27/07/2020

Biman
BANGLADESH AIRLINES

Janco Group (HKSE 8035) cooperated with major airlines for many years and maintain a good relationship. Under the impact of the COVID-19, all passenger planes were almost shut down, Janco Group promptly launched chartered flights and carried epidemic-expanded products to make up for the loss of traditional business and meet the needs of emergency freight.

Janco Air Freight Team continues to play to its advantages. Recently signed a contract with Bangladesh Airlines to provide charter services on the route from Hong Kong to Dhaka twice a week. The Group continued to strengthen and expand its charter seats in Hong Kong, actively optimizing and improving its original business segments. More services will be announced soon.
