MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

We are a well established freight forwarding and logistics one-stop service provider founded and based in Hong Kong. Freight forwarding services form our core business. We purchase cargo space from airlines, shipping liners, other freight forwarders or GSAs and either sell it to direct shippers or on-sell it to other freight forwarders who act on behalf of their shipper customers. A majority of our customers are direct shipper customers. We offer air freight and ocean freight services and a majority of air and sea cargo space we sell are for goods exporting from Hong Kong to various destinations in Asia such as Bangladesh, Vietnam, Sri Lanka, Cambodia and Thailand.

On top of our core freight forwarding services, we strategically offer ancillary logistics services primarily at our warehouses in response to the rising demand from our customers who require customised value-added logistics services. The ancillary logistics services we offer include warehousing, repacking, labelling, palletising and local delivery within Hong Kong. We integrate our ancillary logistics services into our core freight forwarding services to strategically create a distinct corporate identity among our shipper customers.

During the period, we are expanding our e-commerce fulfillment business to capture the growing opportunities arising from the increasing demand derived from the increasing e-commerce volume to United States, other European countries and cross-border logistics activities. In addition, we are also expanding our e-commerce and fulfillment services for cross border e-commerce traffic from overseas as well as outbound traffic from China to worldwide.

Our competitive strengths are key factors contributing to our success to date. The Directors believe that the competitive strengths as set out under the section headed "Business" in the prospectus of the Company dated 30 September 2016 will continue to enhance our presence and increase our market share in the freight forwarding and logistics industries.

FUTURE PLANS

In the future, we will continue to expand our e-commerce fulfillment business. In addition, we are also seeking opportunities to expand our logistics business in Asia by locating different warehouses.

Expecting growth in e-commerce revenue in the future, we are constantly improving our selection of solutions to our customers. Our intention is to become a major logistics service provider across the region. We are also enhancing our capability and strengthening our last mile delivery transit time as well as simplifying our e-commerce process to increase our efficiency. We will also continue to capture the growing opportunities arising from cross border e-commerce traffic from overseas as well as outbound traffic from China to worldwide.

DIRECTORS' MATERIAL INTERESTS IN CONTRACTS OF SIGNIFICANCE

No contract of significance, to which the Company or any of its subsidiaries was a party and in which a Director of the Company had a material interest, whether directly or indirectly, subsisted at the end of 30 September 2020 or at any time during the nine months ended 30 September 2020.

COMPETING INTEREST

For the nine months ended 30 September 2020, the Directors were not aware of any business or interest of the Directors, the controlling shareholders of the Company and their respective close associates (as defined under the GEM Listing Rules) that compete or may compete with the business of the Group and any other conflict of interest which any such person has or may have with the Group.

CORPORATE GOVERNANCE

The Directors consider that incorporating the core elements of good corporate governance in the management structure and internal control procedures of the Group would help to balance the interests of the Shareholders, customers and employees of the Company. The Board has adopted the principles and the code provisions of the Corporate Governance Code (the "**CG Code**") contained in Appendix 15 to the GEM Listing Rules to ensure that the Group's business activities and decision making processes are regulated in a proper and prudent manner in accordance with the requirements of the GEM Listing Rules. The Board has established the Audit Committee, a nomination committee (the "**Nomination Committee**") and a remuneration committee (the "**Remuneration Committee**") with specific written terms of reference. During the nine months ended 30 September 2020 (the "**Reporting Period**"), the Company has complied with all the code provisions (other than provision A.2.1) of the CG Code.

CG Code provision A.2.1 stipulates that the roles of chairman and chief executive should be separate and should not be performed by the same individual. Mr. Ng Chin Hung ("**Mr. Ng**") is the chairman of the Board and the chief executive officer of the Company. In view of Mr. Ng has been working in freight forwarding, logistics and supply chain industries for more than 35 years, the Board believes that it is in the best interest of the Group to have Mr. Ng taking up both roles for effective management and business development. Therefore the Directors consider that the deviation from the CG Code provision A.2.1 is appropriate in such circumstance.

The Board believes that the balance of power and authority is adequately ensured by the operations of the Board which comprises experienced and high-caliber individuals, with three of them being independent non-executive Directors.
